

## Top 25 PSGallery Contributors

This is a report of contributions to the [PowerShell Gallery](#) from the top 25 module authors. This list excludes major vendors such as Microsoft, Amazon, and VMware. The exclusions are completely subjective. The intent is to use this report to highlight *individual contributors* to the PowerShell Gallery.

This report does not include pre-release modules and be aware that not every module will have an online repository.

Internal navigation links may not work in the PDF version of this report.
